

Firewood.

There is firewood *sometimes* for sale right off San Andreas Road.

When you come off the freeway, your first stop sign is at Seascape.

Second stop sign is at Playa.

The very next street to the left is Escuela and if the sign is up on the corner, then they have wood.

If there is no sign, then there is wood.

Go up the street toward the end on the left is the house with the wood.

It is a banana box size, and usually nicely dried wood. Perfect for using right away.
